Great Floors Acquires Michael's Floor Covering of Vancouver, WA

Coeur D'alene, ID, April 18, 2018-Great Floors has expanded its Northwest footprint with the purchase of Michael's Floor Covering in Vancouver, Washington. With this acquisition, Great Floors now covers the I-5 corridor in Western Washington with 12 locations.

While the name will change and Great Floors' buying power will benefit Michael's customers, the products and services that Vancouver customers have grown to expect will continue.

Michael's Floor Covering has been providing floor covering and installation services to the greater Vancouver and Portland area since 2010.

Earlier this year Great Floors opened a location in Bozeman, Montana. Great Floors has been serving customers in the Pacific Northwest for nearly 50 years. With over 500 employees, its operations now reach from Bozeman, Montana to Seattle, Washington.
